

CCCNMO Housing Assistance Guide

APA or R&P

Upon arrival, the case is enrolled in either APA or R&P. All housing costs will be paid for using welcome funds as available for the entire 90-day period. Additional months of rent may be paid for using APA or R&P welcome funds if there are remaining funds. The Housing and Donations Supervisor will ensure rent is paid. **A copy of all utility bills should be given to the Housing and Donations Supervisor and emailed to housing-donations@cccnmo.org when possible.**

The CCCNMO work force development team determines the appropriate program for clients before the end of their initial 90-day period.

All housing costs (rent and utilities) will be paid by the CCCNMO housing team if the client is enrolled in Match Grant. If the client is no longer eligible for match grant (after 8 months or becoming self-sufficient), the client is responsible for the housing costs. The Housing and Donations Supervisor will ensure rent is paid. Clients may be eligible for RSS ASA housing assistance after their Match Grant period ends. **A copy of all utility bills should be given to the Housing and Donations Supervisor and emailed to housing-donations@cccnmo.org when possible.**

Only Afghan clients qualify for RSS ASA housing assistance. A client cannot be enrolled in both Match Grant and RSS ASA. RSS ASA clients will receive supplemental housing assistance to cover any housing costs (rent plus utilities) above 30% of their income. Assistance amount is determined by the CCCNMO housing team, paid directly to the landlord, and re-evaluated monthly. Clients are responsible to pay housing costs up to 30% of their income to the landlord as guided by the housing team. **A copy of all utility bills should be given to the Housing and Donations Supervisor and emailed to housing-donations@cccnmo.org when possible.**

RTAC, RSS, RCA

RTAC, RSS or RCA do not provide rental or housing assistance, but clients may be eligible for external resources.
